## TRAIL DESCRIPTION

Antonio & Maria Cannavo Preserve  
Moosewood Trail

The hike meanders along an old logging road past beautiful trees and glacial erratics until you reach a serene laurel glen. The trail then splits left and right and loops back to the starting point. Beautiful tulip poplars and striped maple, "Moosewood", line this trail. After you complete your hike, you can walk or drive to Cannavo Spring to drink the refreshing and pure water. This 21-acre parcel gently slopes toward the Spring and by preserving part of Cannavo Spring's watershed, Winchester Land Trust is helping to keep the water clean.
